

NOVEMBER 1992

DEMOCRATS PREVENT ANY
ACTION ON NOMINATIONS

1. The first step is to identify the key components of the system. This includes the hardware, software, and data.

2. The second step is to analyze the system's performance. This involves monitoring the system's output and comparing it to the expected results.

3. The third step is to identify the causes of any performance issues. This can be done by looking at the system's logs and analyzing the data.

4. The fourth step is to implement a solution to the problem. This may involve updating the software, changing the hardware, or modifying the data.

5. The fifth step is to test the solution. This involves running the system again and checking to see if the problem has been resolved.

6. The sixth step is to document the results. This involves writing a report that describes the problem, the solution, and the results of the testing.

7. The seventh step is to implement the solution. This involves putting the solution into production and monitoring the system's performance.

8. The eighth step is to evaluate the results. This involves comparing the system's performance after the solution was implemented to the performance before the solution was implemented.

9. The ninth step is to conclude the project. This involves writing a final report that summarizes the project and its results.

10. The tenth step is to close the project. This involves archiving the project files and deleting the project from the system.

WOMEN'S WORK IN NEW ROCHELLE.

Judged by their accomplishments in the last ten months, the members of the civic section of the women's club of New Rochelle are as capable as municipal housekeepers as they are in their individual fireside fields. Since this civic section was organized it has done more to clean up New Rochelle than any other betterment organization. Figuratively speaking, it has washed New Rochelle's face, scrubbed its hair, dressed it in clean garments and is taking effective steps to keep it from being annoyed by mosquitoes and infected by lice.

The first thing the Woman's club civic section attempted was to clean up the town. New Rochelle, beautiful as it is when looked at from the point of view of the average visitor, used to have many noisepots and untidy corners. Various back yards, back streets and vacant lots were like the "junk room" in a big house

—places in which all sorts of unsightly trifles were allowed to accumulate. These municipal housekeepers, after looking over their common habitation, began a vigorous campaign to get people interested in sprucing up—to arouse civic pride, in fact. In this work the boys and girls of the town—the school children—were invaluable. They spurred on their parents.

It was not long before the agitation produced results. The streets and vacant lots were cleared of papers and all sorts of debris. A passion for cleanliness seemed to sweep over New Rochelle. Photographs were taken before the work began and after it was completed. The contrasting pictures aroused still greater enthusiasm. Singularly enough—contrary even to ordinary human nature—the spirit of cleanliness seems to have established itself permanently in New Rochelle, even in places where once it was an unwelcome guest.

In practically all these movements

for the betterment of New Rochelle, the children of the place took an important part. So essential is the interest and enthusiasm of the children to the upbuilding of the perfect city and the making of good citizens that a great deal of attention has been paid to devising means for training the civically enterprising energy of youth to the best advantage. With the reflection of the possibilities in the children of tomorrow the public services women of New Rochelle are organizing children's civic clubs in the schools of the city.

(Contributed by the City Improvement Club.)

Mrs. J. R. Crawford and Mrs. Ethel Williams entertained at a well appointed dinner today in honor of Mrs. Smith.

Mr. and Mrs. W. C. Felner entertained at dinner last evening. Mr. and Mrs. G. H. Malone, Mr. and Mrs. D. C. Carmichael, Mr. and Mrs. A. V. Malone and Miss Sue Malone.

Mrs. Shell, whose son in Dothan has been the occasion for a number of enjoyable affairs, was the inspiration of a most delightful and harmonious gathering on yesterday afternoon at the home of Mrs. S. A. Stapleton on West Main street. In response to the cordial invitation of the hostess, the old friends of Mrs. Shell and some of the more recent comers who enjoy the privilege

of being Mrs. Stapleton's wife, were joined with their serving and the true spirit of social intercourse.

During the afternoon cups of paper were distributed and the guests were requested to write a wish for the home. Mrs. Stapleton read the many beautiful expressions of good will and affection attesting the high esteem in which Mrs. Shell is held by all who know her.

Delicious refreshments were served in the dining room by Mrs. J. H. Jones, Mrs. B. P. Reid, Mrs. L. G. Higgins, Mrs. W. R. Chapman, Miss Julia Fackner and Miss Ruth Stapleton.

Mrs. J. H. Sammons gave several selections on the piano of old time melodies and the enthusiasm with which they were received showed that the remembrance of the "Days of Aunt Sarah's" still lingers.

Mrs. Peter will entertain a few of Mrs. Smith's old friends at tea this evening and Mrs. J. H. Jones will be hostess at a dinner tomorrow in honor of this popular visitor.

1931—Buy a bicycle. Special reward offered to Mrs. L. M. Smith, W. Main.

DEPARTMENT STORES TO CUT WEDNESDAY

St. Louis, Mo., Feb. 6. It was a common theme today that department stores in several large cities have organized the American Department Store Association to coordinate their purchases and thereby to buy their goods at lower prices. The idea is to be introduced in the near future in the organization is concerned.

The success of the new company in an organized purchasing power is more than \$100,000,000 annually. J. B. S. A. of Pittsburg, has been elected president of the corporation, which will be capitalized at a round amount and chartered in New York.

Among the stores that have representation in the corporation are St. Louis, Mo., Franklin, Mo., Chicago, Ill., and New York. Negotiations are in progress for the admission of Chicago and New York establishments and after stores in small cities will be taken in.

OUTLOOK FOR APPOINTMENT IN ALABAMA IS GLOOMY

Washington, Feb. 6. Although the Republican senators at a caucus held this morning, decided to continue the fight to confirm nominations sent in this session by President Taft, it is well understood in legislative circles there is serious division in their ranks. As the democrats are putting up a determined resistance the outlook for the McKinley appointments being laid up by Senators Rankin and Johnston is decidedly gloomy. The prediction is that none will be confirmed.

SOME REASONS

Why you should have your clothes made by Parker & Ezelle:

Every garment made to your individual measure.

You get a try-on, eliminating the risk of a mis-fit.

Prices lower than others ask for the same class workmanship.

And home pride ought to make you prefer a MADE-IN-DOTHAN product.

Parker & Ezelle
